MINUTES: Regular Work Session – December 3, 2024

This is a summary of actions and discussions of the meeting. You may view this meeting through our YouTube Channel at <https://www.youtube.com/channel/UC1ELh0jGpXd4VV2DTgsuqPA> or by contacting our office.

The Board met in regular session pursuant to adjournment of the December 3, 2024 General Session meeting.

David G. Young – present

Shannon Jones – present

Tom Grossmann – absent

Krystal Powell, Clerk – present

24-1670 A resolution was adopted approving the 2025 Annual Appropriations.
Vote: Unanimous

24-1671 A resolution was adopted establishing budget stabilization account from the unencumbered General Fund cash balance. Vote: Unanimous

24-1672 A resolution was adopted continuing public hearing to consider a request from the Myers Y Cooper Company to depart from the Official Thoroughfare Plan.
Vote: Unanimous

24-1673 A resolution was adopted continuing public hearing for rezoning application of Immobiltec USA (Case #2024-04) to rezone approximately 10.0059 acres from Community Commercial Business Zone “B2” to Light Industrial Manufacturing Zone “I1” in Franklin Township. Vote: Unanimous

DISCUSSIONS

The Board recognized and honored Betty Davis for her retirement from the Solid Waste District Policy Committee.

Susan Walther, Deputy County Administrator, was present to present the 2025 budget for consideration for approval.

Ms. Walther presented the following information:

Total Anticipated General Fund Revenue:	\$102,500,000.00
Total 2024 General Fund Actual Spend Projection:	\$93,292,750.00

Ms. Walther stated the 2025 General Fund appropriation request is \$93,805,927.00, which is only .5% above the actual spend from the 2024 General Fund.

Upon further discussion, the Board resolved (Resolution #24-1670) to approve the 2025 Annual Appropriations and resolved (Resolution #24-1671) to establish budget stabilization account from the unencumbered General Fund cash balance.

PUBLIC HEARING

TO CONSIDER THE REQUEST FROM THE MYERS Y. COOPER COMPANY TO DEPART FROM THE ORIGINAL THOROUGHFARE PLAN RELATIVE TO THE HOPKINSVILLE 2021 ACCESS MANAGEMENT PLAN IN HAMILTON TOWNSHIP

The public hearing to consider the request from The Myers Y. Cooper Company to depart from the original throughfare plan relative to the Hopkinsville 2021 access management plan in Hamilton Township was convened this 3rd day of December 2024 in the Commissioners' Meeting Room.

Kurt Weber, Chief Deputy Engineer, presented the attached slides showing the proposed Grandin Road Extension that goes through the property currently owned by 5/3 Bank, at the intersection of State Route 22/3 and State Route 48 in Hamilton Township as part of the Hopkinsville Plan, a subset of the Official Warren County Thoroughfare Plan. He stated the Engineer's Office

recommends maintaining the intent of the Throughfare Plan and that they have previously offered alternative departure options to the potential purchasers of the property.

David Mick, Assistant County Engineer, stated the Engineer's Office is still awaiting the results of a traffic impact study from the Ohio Department of Transportation for the area.

Commissioner Jones asked if there was an agreed upon solution to maintain the connectivity of the Thoroughfare Plan while allowing the development of the property.

There was discussion relative to the lack of agreement to come up with an aligned solution for the road deviation between the Engineer's Office and the developer.

Jeff Wright, Hamilton Township Administrator, stated this is the prime development property within the township. He also stated the approving the departure from the Thoroughfare Plan would allow visitors access to all of the shopping centers surrounding the aforementioned property.

Darryl Cordrey, Mark Sousa, and Joseph Rozzi Hamilton Township Trustees, stated they support the departure from the Throughfare Plan and have passed a resolution in support of the variance. They believe this is the "marquis intersection" of the township and are motivated to see the plan develop. They further stated the tax revenue from the proposed development would be beneficial to the Little Miami School District.

Randy Cooper, President of The Myers Y. Cooper Company, stated the development of the area has changed since the Throughfare Plan was originally adopted in 2004.

There was discussion relative to alternative solutions and obtaining the results from the Ohio Department of Transportation's traffic impact study.

Bruce McGary, Assistant Prosecuting Attorney, advised the Board to wait and make a decision on the matter once the response from the Ohio Department of Transportation is received.

Upon further discussion, the Board resolved (Resolution #24-1672) to continue the public hearing to consider a request from the Myers Y Cooper Company to depart from the Official Thoroughfare Plan.

Michael Coyan, Warren County Historical Society, was present to provide an update relative to memberships, visitors, future exhibits, and renovations they are planning.

PUBLIC HEARING CONTINUATION

REZONING APPLICATION OF IMMOBILTEC USA TO REZONE APPROXIMATELY
10.0059 ACRES FROM COMMUNITY BUSINESS ZONE “B2” TO LIGHT INDUSTRIAL
MANUFACTURING ZONE “I1” IN FRANKLIN TOWNSHIP

The continuation of the public hearing to consider the rezoning application of Immobiltec USA to (Case #2024-04) to rezone approximately 10.0059 acres from Community Business Zone “B2” to Light Industrial Manufacturing Zone “I1” in Franklin Township was convened this 3rd day of December 2024 in the Commissioners’ Meeting Room.

Ray Dratt, Chief Zoning Inspector, presented the attached PowerPoint presentation stating the applicant, property size and location, current zoning, and requested zoning.

Mr. Dratt stated the applicant is proposing the installation of a driveway on Pennyroyal Road to allow access to the business located on the back parcel of the property.

Commissioner Jones clarified the applicant is wanting easier access to the property via Austin Boulevard to I-75.

Dustin Bailey, Agent, Miller Valentine, stated the property owner intends on installing a 10-foot buffer combination of mounding and fencing. He also stated the property owner intends to keep the private driveway to the existing house independent of the additional driveway being proposed.

Bruce McGary, Assistant Prosecuting Attorney, stated that once the property is rezoned the Board of Commissioners has no authority to place any conditions or restrictions on the property.

There was discussion relative to the possibility of the applicant requesting annexation of the property to the City of Franklin.

Upon further discussion, the Board resolved (Resolution #24-1673) to continue the public hearing for rezoning application of Immobiltec USA (Case #2024-04) to rezone approximately 10.0059 acres from Community Commercial Business Zone “B2” to Light Industrial Manufacturing Zone “I1” in Franklin Township.

Upon unanimous call of the roll, the Board entered into executive session at 12:16 p.m. to discuss pending litigation with legal counsel present pursuant to Ohio Revised Code Section 121.22(G)(3), and exited at 12:57 p.m.

Do Commissioners wish to support a plan with?

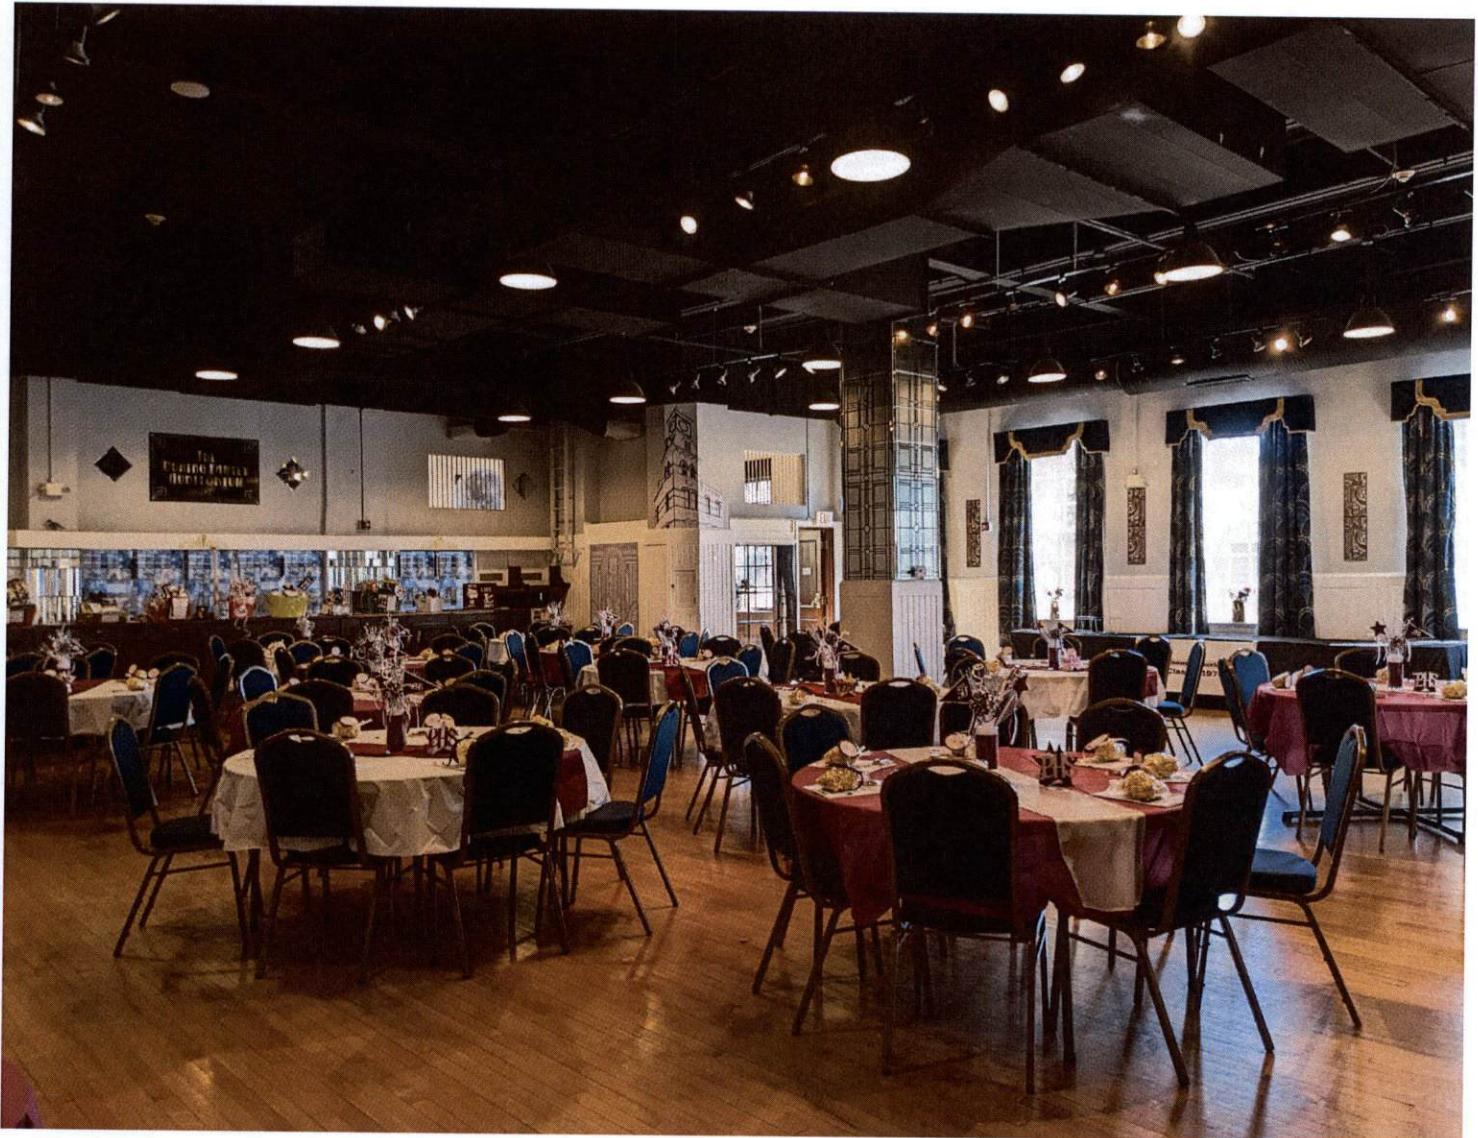

- Uncertain timeline
- No feasibility studies to confirming outcomes
- Legal uncertainty
- Interferes with development
- Imposes public improvements on individual property owners w/out consideration

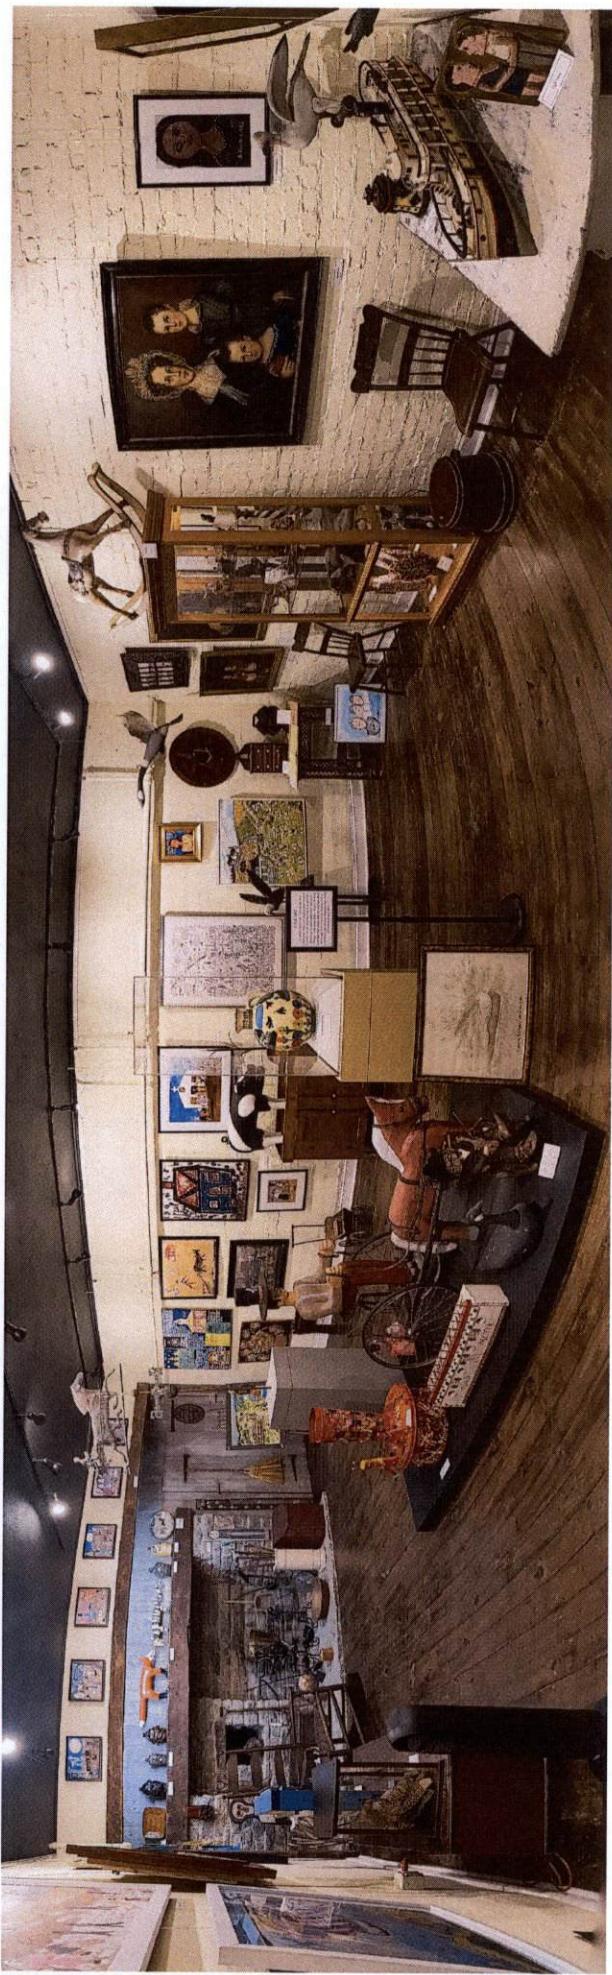

No funding for plan? Curb cut take?

RPC Executive Committee Recommendation

2024-04

The RPC Executive Committee recommends **approval** of the **Immobilitec USA Inc. Rezoning** from B2 to I1 to the Warren County Rural Zoning Commission (RZC).

Rural Zoning Commission Recommendation

2024-04

A motion was made to recommend **approval** with modifications to the BOCC, Warren County Commissioners, for the map amendment of case # 2024-04 Immobilitec USA, Inc. parcel # 04-21-400-048 from I1 (Light Industrial Manufacturing Zone) to RU (Rural Residential 5-acre density), the following modifications:

- 1. Require a 6 ft. privacy fence with the buffer type D**
- 2. Have O.D.O.T. complete a traffic study**

For clarification, this decision was based on item(s) "A & D" of the Review Criteria Section 1.304.5.

1.304.5 Decision-Making Determination Considerations: The approving authority shall review the proposed Zoning Amendment in the interest of public health and safety, as well as the public convenience, comfort, prosperity, or general welfare, as applicable, by considering the following factors:

RZC Recommendation Based on Criteria A & D

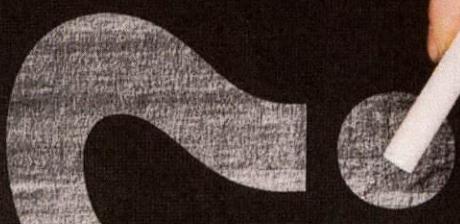

(A) Is the proposed amendment consistent with the purposes and intent of this Zoning Code?

- (B) Does the proposed amendment deviate from the suggestions of the Warren County Comprehensive Plan?
- (C) Is the proposed amendment justified because of changed or changing conditions of the surrounding area since the time the current zoning designation for the property was established, and has assumptions on, capital investments, road locations, population trends, land committed to development, density, use, or other elements changed to justify the amendment?

(D) Is the proposed zoning compatible with the present zoning, nearby uses, and the character of the surrounding area?

- (E) Is the site suitable for the uses to which it has been restricted, or does the current zoning deprive the site of all economically viable uses?
- (F) How long has the property remained vacant as zoned and is it zoned different from an adjacent properties?
- (G) Are there available sites elsewhere in the County that are already zoned for the proposed use?
- (H) Are public central sanitary sewer, stormwater facilities, roads and other public facilities available and do they have adequate capacity to serve allowable uses?
- (I) Will approval of this amendment result in existing land uses, parcels, or structures becoming non-conforming or somehow result in conflict with any provision, restriction, or requirement of this code?
